

## 10 Gigabit Core Industrial-Grade Switch

## 10 Gigabit Core Industrial-Grade Switch

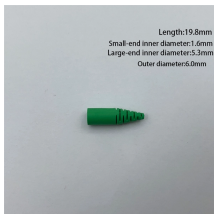

Discover EtherWAN's 1G/10Gb industrial Ethernet switches with PoE and SFP+ uplinks. Ideal for smart cities, automation, and edge connectivity.

With high-speed 10-GE uplinks, high-wattage PoE options, ultra-low jitter, advanced network security features, and device-to-cloud performance monitoring with the Cisco ThousandEyes agent, these ...

Optimize your network with NETGEAR 10 Gb switches. Pick from unmanaged or smart/fully managed for VLAN, QoS, and IGMP support via copper or SFP+ ports. Learn more.

Featuring Plug and Play and 10G SFP+ uplink ports, PLANET IGS-1000-8T4X Industrial-grade, DIN-rail type Unmanaged Gigabit Ethernet Switch is perfect for heavy industrial environments.

In addition to the ultra-rugged IP40 fanless all metal housing, it is equipped with configurable I/O fault contacts, which makes it ideal for easy installation and monitoring in industrial applications. To ...

Ethernet Direct offers industrial 10Gb core Ethernet switches equipped with 24 Gigabit Ethernet ports, up to 4 10 Gigabit Ethernet (10GbE) ports, Layer 2. Layer 2 Plus, Advanced Layer 2 switching features.

This gigabit ethernet switch features a 10-port configuration, supporting high-speed 10/100/1000 T connectivity to keep your devices running smoothly. Its wide 12-48 VDC power input range provides ...

Antaira's 10G Ethernet switches are fully manageable industrial Ethernet switches, boasting pre-loaded, standard Light Layer 3 network management software. Our 10G managed switches are equipped to ...

Moxa provides a wide range of industrial Ethernet switches that feature industrial-grade reliability, network redundancy, strengthened security, easy management, and competitive price-to ...

These 10G industrial switches deliver ultra-fast connectivity with support for 10Gbps data rates, ensuring seamless communication for bandwidth-intensive applications. Designed with rugged construction, ...
