

10G Liquid-Cooled Switch OEM

10G Liquid-Cooled Switch OEM

The DynaNET 10G-01 is liquid cooled and has no vents nor moving parts, dramatically increasing reliability. Since it does not require any ventilation, the DynaNET 10G-01 is extremely compact and ...

Explore FS 10Gb Switches, designed to meet campus network access/aggregation needs, featuring comprehensive protocols, scalability & reliable redundancy.

10 Gigabit SFP switches proudly manufactured in the USA by Versitron are available in 28, 36, and 52 port sizes with managed configuration capability. Each 10 gig SFP switch has 4x1G/10G SFP/SFP+ ...

Our rapidly expanding line of gigabit Ethernet Switches comes in multiple form factors – 3U and 6U VPX with up to 156 ports, 32-port Ethernet 10G Switches, all the way up to a rugged liquid-cooled 432-port ...

Ideal for industrial automation, smart campuses, and enterprise networks, our switches feature ruggedized enclosures, Layer 2 or Layer 3 functionality, and flexible power inputs (AC/DC) for ...

Our rugged 10G switches provide reliable performance for critical industrial networks. Equipped with advanced features like VLAN, QoS, link aggregation, and redundancy, these ruggedized 10G ...

With Advanced Manufacturing Processes and quality testing all in Taiwan. RUBY is being the approved vendor supplying switches to many Tier-1 and Tier-2 ODM brand customers around the world.

Explore a range of switches optimized for exceptional speed, reliability, and scalability, meeting the demands of robust enterprise networking.

With its 28 ports (4x 10GBase-X SFP+ slots, 24x 10/100/1000Base-T PoE+ ports according to IEEE 802.3at) this switch is suitable for cabling larger units in industrial environments as well as for in ...

Take steps now to modernize your facility and thermal management strategies for tomorrow's liquid-cooled switches. Meet with your Cisco team or partner to discuss how to design, ...
