

24-port electrical and 24-port optical switch

24-port electrical and 24-port optical switch

Features 24 10G SFP+ optical ports and 2 100G QSFP28 ports, with all ports supporting wire-speed forwarding to meet high-density access requirements for 10GE servers. The 100GE ports support ...

Based on Advanced security features and advanced quality of service (QoS), it can be used as a core distribution or access layer switch with high port density, and easy to manage.

Disabled: all ports can communicate with each other, and monitoring optimization is disabled.
Enabled: Downlink ports can only communicate with uplink ports, monitoring optimization is enabled, and ...

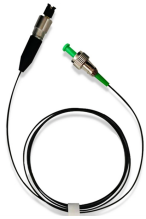

The OVPOE24-370-2GC PoE switch provides power for regular IP cameras, and IP PTZ cameras, as well as other data and infrastructure. 10/100Gbps speeds ensure high definition video quality.

Search Newegg for 24-port gigabit switch. Get fast shipping and top-rated customer service.

DS-3E2500-HI series supports the combination of "Ethernet port + optical port" to meet networking requirements of various scenarios, which is convenient for users to build a flexible network.

New generation of Gigabit Ethernet switch designed for top security and performance. Features 24 auto-negotiating RJ45 PoE ports and dual GbE SFP optical ports.

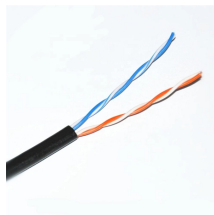

The S3400C-24MG4S-P is a L2+ managed switch, equipped with 24x 2.5Gb ...

The DXS-3400 Series switches feature a modular fan and power supply design for a high availability architecture. The hot-swappable design means that fans and power supplies can be replaced without ...

In simple campus scenarios, the switch can achieve easy configuration and high information security, while in large-scale interconnecting scenarios, the switch can realize auto-negotiated update of ...

The S3400C-24MG4S-P is a L2+ managed switch, equipped with 24x 2.5Gb RJ45 and 4x 10Gb SFP+ uplink ports support both IEEE 802.3af PoE and IEEE 802.3at PoE+ (up to 30W per port) for ...
