

451 Quota Multi-purpose Junction Box

Overview

These junction boxes provide a rugged solution with an IP67 rating or greater, making them ideal for both indoor and outdoor applications. Products are available with M12, M8, 7/8", or 1/2-20UNF connectors. Both AC and DC options exist, and multiple housing styles and materials. How can we improve?

Choose from our selection of junction boxes, including over 2,800 products in a wide range of styles and sizes. Junction box; Branch; for multicore cables; 221 Series; max. 4 mm² connectors; without splicing connectors; white (4066966072853) Online at WAGO USA! Passive 4-, 6-, and 8- port junction boxes provide wiring consolidation, whether combining input signals or distributing output signals. Up to 16 I/O signals can be consolidated over a single home-run connection on the box. These enclosures offer latching, padlocking, or screw cover options, flat or sloped tops, and various NEMA ratings. Non-corrosive UV-resistant and submersible models support special applications. They provide a convenient location to connect all wiring required for a typical pumping station, on-site system or other electrical installation.

451 Quota Multi-purpose Junction Box
