

# Afghanistan Delivery Time 10G High-Speed DAC Cable

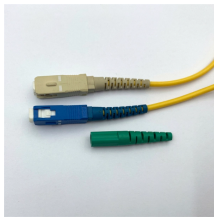

## Overview

Cisco SFP-H10GB-CU10M compatible 10G SFP+ Active Direct Attach Copper Cable (DAC cable) is comprised of a 10m/33ft Twinax copper cable terminated with SFP+ connectors on both ends. QSFPTEK manufactured 10G SFP+ cable is compliant with IEEE 802.3, SFF-8431, and SFP+ MSA specifications. Besides, the chip boosts the signal, making it ideal for data centers or long-distance connections between servers and switches. This is a hybrid between copper and fiber cables. We offer high-performance optical transceivers, DAC (Direct Attach Cables), and AOC (Active Optical Cables) for data centers, telecom, and enterprise networks. Our products ensure low latency, high. Write a review and go into the monthly draw Win A \$100 PB Tech Gift Card! Shipping costs vary based on your location and the items being shipped and in some cases shipping may even be FREE.

## Afghanistan Delivery Time 10G High-Speed DAC Cable

The Passive Direct Attach Cable is an ideal 10GBASE Ethernet network solution that require reliability, low latency, and practically no power consumption. DAC cables are lower cost, more durable than ...

Siemon active and passive copper cable assemblies were created as a cost-effective alternative to optical modules for short-range links in high-speed interconnect applications like high-performance ...

The third-party 10G direct attach cable is an ideal substitute to the Cisco SFP ...

This cable has a small integrated chip that helps it transmit signals over longer distances. The chip boosts the signal, making it ideal for data centers or long-distance connections between servers and ...

Lanbras manufactures types of Optical Module & Cable: 400g/200g Module, 100g/40g/25g/10g Module, 6g/2.5g/1g/155m Module, Adapter Converter Module, DAC/AOC Cable and GPON Stick/PON Module.

The third-party 10G direct attach cable is an ideal substitute to the Cisco SFP-H10GB-CU10M SFP+ 10G DAC cable at an affordable price, providing a cost-effective compatible solution for high-performance ...

The Passive Direct Attach Cable is an ideal 10GBASE Ethernet network solution ...

From the brand 10Gtek focuses on developing high performance cable and ...

The delivery time-frame (in days) for each product we sell is detailed on the individual product page just to the right of the main product image. From when you place your order, in-stock products typically ...

From the brand 10Gtek focuses on developing high performance cable and transceiver solutions for data center, HPC and AI applications. The main products include Transceivers, Direct Attach Cable ...

SFP+ DAC cable which replaces two optical modules and a connectorized optical fiber with a twinaxial copper cable assembly. 10Gtek® offers the higher density, lower cost, and lower power 10 Gigabit ...

The 10Gb SFP+ DAC cable serves as an exceptional alternative for linking 10G SFP+ ports. High-Performance 10G SFP+ Cable - 0.5M. Why Choose Our High-Performance 10G SFP+ ...

The 10G SFP+ RJ45 port optical module is a high-performance integrated duplex data link for bi-directional communication over copper cables. It is specifically designed for high-speed ...
