

Box-type optical splitter with insert type

Box-type optical splitter with insert type

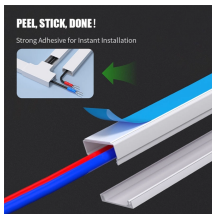

Fibermart provides 1x8 Fiber Splitter Box 8 Fiber Type A Optical Distribution Box with good price & quality! 100% Tested and Free Shipping!

This optical splitter use Planer Light wave Circuit (PLC) technology for split ratio 2, 4, 8, 16, 32 and 64. And we produce 3 different type spliter PLC, such as micro tube, insert box type and ABS plastic box ...

The high performance 1xN or 2xN, single mode, passive power splitter based on PLC technology. The device uniformly splits the optical signals present at the input ports to multiple output ports.

1x8 insert type PLC Splitter. The interface type is SC/APC, fast and practical. Applicable to home wiring, engineering projects, corporate companies, fiber optic LAN.

1x8 insert type PLC Splitter. The interface type is SC/APC, fast and practical. ...

1x 8 Fiber PLC Splitter with Standard LGX Metal Box, SC/APC Planar Lightwave Circuit (PLC) Splitter is a type of optical power management device that is fabricated using silica optical waveguide ...

Find many great new & used options and get the best deals for Insert type optical splitter 1/8 fiber box splitter box strong waterproof at the best online prices at eBay!

1x8 insert type PLC Splitter. The interface type is SC/APC, fast and practical, it is a type of optical power management device and widely used in PON networks to realize optical signal power splitting.

We offer ABS box PLC Splitters with a wide range of styles and sizes to split or combine light with minimal loss. All splitters are manufactured using a very simple process that produces reliable, low ...

The 1x8 ABS box module type PLC Splitters have high performance in terms of low insertion loss, low PDL, high return loss, and excellent uniformity over a wide wavelength range from 1260nm to ...

This optical splitter use Planer Light wave Circuit (PLC) technology for split ratio 2, ...
