

## Cable tray wrapping pipe ends

## Cable tray wrapping pipe ends

Over the past 55+ years, MP Husky US Cable Tray has engineered and manufactured the most reliable, highest quality, cost effective and innovative cable trays systems available.

These are the most corrosion-resistant tray systems we offer for routing cable and hose in configurations such as curves, slopes, and tees. Cut, bend, and connect the wire mesh trays.

End Closing Kit, 12", Black Includes One End Closing Tube and Two Corner Clamps: For Closing the Stringers of a Single Piece of Runway, 12", Black, For Use with 12" Runway

As a less-expensive alternative to conduit, a stronger alternative than wire basket, and superior to generic tray, Snap Track saves on labor and reduces total installed costs.

Cable Tray, 2" Depth x 4" Width x 10" Section, Material: Carbon Steel. Finish: Electroplated Zinc.

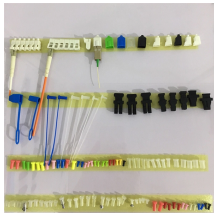

Protect cable and cords in areas with pedestrian and equipment traffic. Conforms to wire and cable without heat, creating a permanent, watertight seal. Seal moisture out of crimped electrical ...

Our heat-shrinkable end cap seals and protects wires, cables, pipes, and conduits in wet environments, offering a durable, flame-retardant barrier with an easy adhesive application.
