

Ce6885 optical module

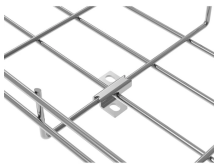

Ce6885 optical module

Huawei CE6885-48YS8CQ switches provide high-density 10GE/25GE/50GE access in DCs to build DCN platforms for enterprises and carriers in the cloud era. The switches can also work as core or ...

This document provides an overall description of the CE6800& 8800& 9800 series switches hardware that V300R020C00 and later versions, helping you obtain detailed information about each chassis, power ...

CloudEngine 6885-48YS8CQ-T supports trusted boot based on trusted platform module (TPM). smooth evolution. It also allowing for line-speed processing for ...

The Huawei CloudEngine 6885 series switches are high-performance, high-density access switches designed for data centers, supporting various port configurations and advanced features for network ...

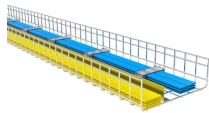

48 x 25GE SFP28 Ports: Provides high-speed connectivity for servers and storage devices. 8 x 100GE QSFP28 Uplink Ports: Offers high-bandwidth uplink options for aggregation and core networking. ...

This document provides an overall description of the CE6800& 8800& 9800 series switches hardware that V300R020C00 and later versions, helping you obtain detailed information about each chassis, power ...

Discover unbeatable prices and fast shipping for the Huawei CE6885-48YS8CQ ...

CloudEngine 6885-48YS8CQ is a next-generation high-performance and high-density 10GE/25GE/50GE access switch with 48*25GE SFP28, 8*100GE QSFP28. It is designed for data centers (DCs), and ...

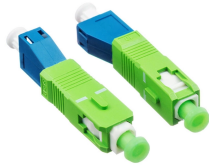

The CloudEngine CE6885-48YS8CQ-B is a high-density 25GE/50GE data center access switch in the CE6885 series. Its most notable feature is the inclusion of 48 10/25/50GE SFP56/SFP28 downlink ...

CloudEngine 6885-48YS8CQ-T supports trusted boot based on trusted platform module (TPM). smooth evolution. It also allowing for line-speed processing for jumbo frames. A CloudEngine 6885 series ...

Discover unbeatable prices and fast shipping for the Huawei CE6885-48YS8CQ-B. Access the detailed CE6885-48YS8CQ-B datasheet and ensure you're getting the best deal with our reliable delivery ...

With 48 x 10GE Ethernet ports, 8 x 100GE QSFP28 ports, dual AC power supplies, and efficient port side blowing, it offers unparalleled reliability and flexibility for complex networking needs.
