

Collimator Fiber Optic Accessories

Collimator Fiber Optic Accessories

Accu-Glass Products, Inc. offers fiber optic collimators in 1/4" and 1" lenses, as well as optical filter holders. Learn more on about fiber optic collimators today!

Thorlabs offers a variety of fiber collimation and coupling solutions. FiberPorts can be used to provide a stable platform for coupling light into and out of FC/PC, FC/APC, or SMA terminated fiber with five or ...

They are available with FC/PC, FC/APC, or SMA fiber bulkheads. For applications that are compatible with short effective focal lengths (≤ 7.5 mm), we offer FiberPorts with FC bulkheads that can be used ...

Browse Avantes fiber optic accessories including connectors, collimators, and adapters for complete spectroscopy setups.

Fixed fiber-optic collimators are designed to accept FC or SMA terminated optical fibers and collimate a beam exiting a single-mode fiber to a 2.0 mm to 3.0 mm beam.

Our selection of fixed fiber collimators include packages with aspheric lenses, which mate with SMA and FC connector. For larger beams, our air-spaced doublet collimators are ideal.

Explore 28 top manufacturers and suppliers of Fiber Optic Collimators in our comprehensive photonics buyers" guide.

Multi Mode Fiber Pigtailed Collimators with Aspheric Lens Polarization Maintaining Fiber Pigtailed Collimators with C Lens Single Mode Fiber Pigtailed Collimators with C Lens Polarization Maintaining ...

We are committed to providing professional technical services and maintaining strict quality standards to enhance productivity and foster innovation in scientific laboratories.

Fiber collimators are used to couple light into and out of optical fibers. The coupling units developed by Laser Components for the UV-NIR and CO₂ wavelengths can also be used in reverse direction as ...
