

Compatible Low-Loss Industrial-Grade Optical Switches

Overview

Fast reliable optical MEMS switches with low power consumption, low IL, up to 1x64 ports, for Network surveillance and optical test and measurement. OPTO-TOUCH Optical Touch Buttons are zero-force ergonomic replacements for mechanical push buttons. Replaces capacitive touch switches and mechanical push buttons Features illuminated. We lead the industry in optical switch technology, delivering the lowest insertion loss (0. How does our search work?

With MEET OPTICS search you get direct access to our database of thousands of optical components from providers worldwide. The POLATIS range combines decades of expertise with the latest technological advancements, enabling you to take a major leap towards an automated fiber layer. The POLATIS range is equipped.

Compatible Low-Loss Industrial-Grade Optical Switches

Fast reliable optical MEMS switches with low power consumption, low IL, up to 1x64 ports, for Network surveillance and optical test and measurement.

Gems Sensors offers a comprehensive portfolio of liquid level sensors and switches designed for high-reliability monitoring across a wide range of fluid media. From cooking oils and hydraulic fluids to ...

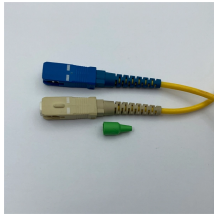

The fastest, smallest, most reliable optical switches in the industry. Used in medical devices, undersea cables, quantum computers, underground and outer space.

It is designed to meet the highest performance and reliability needs of the most demanding applications with exceptionally low optical loss, compact size, low power requirements and fast switching speeds.

This optical switches buying guide provides technical background, comparison of major types, selection criteria, and an overview of suppliers.

POLATIS ® combines the very best in optical performance with fast switching speeds and multiple software interfaces to provide a reliable solution for cross connect automation.

Find the perfect connection for every industrial application – from the automotive and chemical industries to the manufacturing and process industries. These solutions are designed for use at all network ...

Search for and compare optical components from manufacturers around the world, or for custom jobs we'll match you with an industry expert service provider.

Mouser is an authorized distributor for many optical switch manufacturers including Broadcom, Omron, onsemi, Sharp Micro, TT Electronics, Vishay & more. Please view our large selection of optical ...

Industrial grade optical fiber transceiver is specially designed for stable and reliable operation in harsh environments. The sturdy all-metal casing has anti-corrosion and anti-oxidation properties.
