

## Corrugated Channelized Cable Tray

## Corrugated Channelized Cable Tray

Explore cable tray systems and accessories for organized, accessible cable routing in commercial and industrial environments.

Channel cable tray secures cables using Eagle Basket pre-punched holes. New pre-punched holes allow the secure attachment of cables to the inside of the channel without the need to drill holes, ...

The FiberRunner® 6x4 Channel can be used with fittings and brackets to design a routing system to segregate, route, and protect fiber optic and high-performance copper cables. The cable routing ...

Find channel tray products from MonoSystems, the leader in cable management solutions.

Choose from our selection of cable trays, including over 850 products in a wide range of styles and sizes. Same and Next Day Delivery.

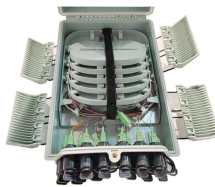

Over the past 55+ years, MP Husky US Cable Tray has engineered and manufactured the most reliable, highest quality, cost effective and innovative cable trays systems available.

It is stronger, provides better cable protection, and reduces installation costs through its push-pin assembly and reduced support requirements, making it a superior industrial cable tray.

T& B channel tray systems are fabricated from a corrosion-resistant metal (low-carbon steel, stainless steel or an aluminum alloy) or from a metal with a corrosion-resistant finish (zinc or epoxy).

MP Husky's cable tray selector for choosing the correct tray type (ladder, solid bottom, perforated, wire mesh) and size based on load, cable type and installation requirements.

From heavy power cable pathways on oil drilling platforms to data center cabling, explore the cable tray that's strong yet easy to install. Fast installation with dependable support.
