

Dutch Mini PLC Splitter

Dutch Mini PLC Splitter

A PLC (planar lightwave circuit) is a micro-optical component based on planar lightwave circuit technology and provides a low cost light distribution solution with small form factor and high reliability.

PLC splitters bieden lage kosten oplossing voor optische signaal distributie, met kleine vormfactor en uitstekende betrouwbaarheid.

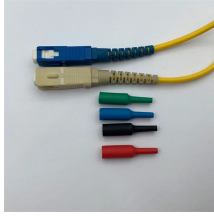

Dive into our online wholesale plc splitters products catalog on globalsources ! Source over 252 plc splitters for sale from manufacturers with factory direct prices, high quality & fast shipping.

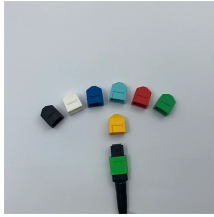

It is widely used in PON networks to realize optical signal power management. The following figure shows 1X8 blockless PLC fiber splitter interconnected with GPON OLT and ONT through fiber optic ...

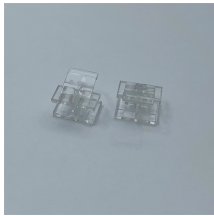

Planar lightwave circuit (PLC) splitter is a type of optical power management device that is fabricated using silica optical waveguide technology to distribute optical signals from Central Office (CO) to ...

Welcome to buy our high quality products or wholesale our customized 2x4 blockless mini 0.9mm plc fiber splitter in stock with our factory. Also, free sample is also available if necessary.

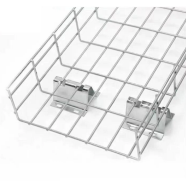

Supports an operating wavelength range of 1260-1650 nm, meeting the needs of various optical splitting applications. Features low insertion loss with dependable optical performance, enhancing link quality ...

Buy Fibre Optic PLC Splitter at the best price from Norden Communication, one of the leading manufacturers and suppliers of Fibre Optic PLC Splitter in Netherlands.

Discover the top hot selling PLC splitters driving demand in 2025. Learn why 1x4, 1x8, and 1x16 configurations lead the market. Click to explore high-performance, cost-efficient solutions ...

As the leading manufacturer in the industry, we offer top-of-the-line Cassette PLC Splitters and Mini PLC Splitters that are guaranteed to exceed your expectations.
