

Factory that installs distribution boxes

Overview

A distribution box factory represents a state of the art manufacturing facility dedicated to producing high quality electrical distribution boxes essential for power management and circuit protection. In business since 1936, Salsbury Industries is home to both our mailboxes. The industry leader in the manufacturing and distributing of quality commercial and residential mailboxes and lockers, Salsbury Industries' manufacturing facilities are vertically. DX installs a wide range of automated transporting, sorting, and storage systems that optimize operational efficiency, accuracy, and speed. DX installs a wide range of conveyor systems to support the efficient point-to-point movement of materials at your facility. Whether in a home or an industrial facility, this box keeps your electrical setup organized, functional, and efficient. Our company offers a wide variety of USPS approved products and all of our mailboxes. We have access to the best corrugated factory in the San Francisco bay area and our service and turnaround time is usually on schedule. We are competitive on wholesale stock cartons and boxes, and we can get you fast delivery at extremely competitive prices.
