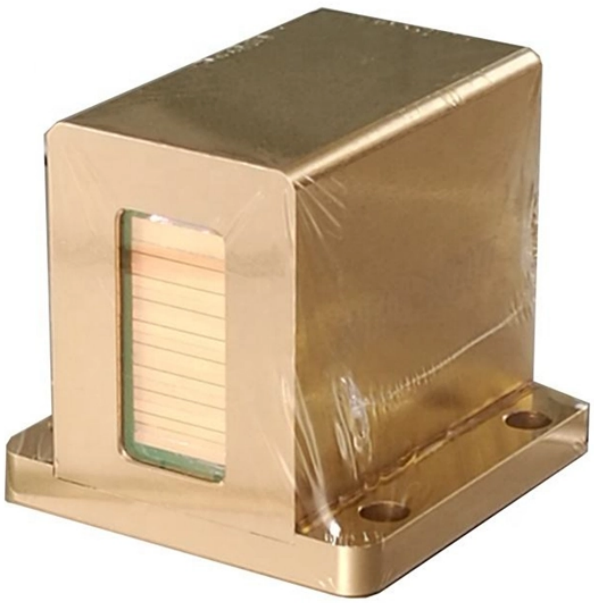
Fiber Optic Cable Pre-twisted Wire Protective Strip



Overview

The self-gripping fastener's unique design enables the installer to quickly wrap the tie around a bundle of fiber optic cables and then onto itself for a safe and secure hold. Network installers and integrators prefer FIBERties™ because they are Flexible. The SPEEDWRAP ® Brand FIBERtie™ product line includes cut-to-length tapes and fabricated cable ties. These hook and loop fasteners offer a reusable and adjustable cable management solution. Features include crush resistance and are offered in nylon, polypropylene and. Marcel Buijs, EMEA Business Development, Technical Sales, Fiber Optic Center, Inc. Many of our manual wire strippers are qualified under AS5768 ensuring they meet the highest standards in place. Our hand-held pneumatic wire. Our pre-terminated Fiber Optic Cables offer a plug and play custom fiber solution for seamless installation in electrical conduits or within walls for both residential and commercial settings. They ensure the efficient delivery of audio, video, data, fiber internet, smart controls, and support HDMI. Check each product page for other buying options.
