

Fiber Optic Head Sensor OEM Manufacturer

Fiber Optic Head Sensor OEM Manufacturer

Find your fiber optic sensor head easily amongst the 11 products from the leading brands (OMRON, KEYENCE, Autonics, ...) on DirectIndustry, the industry specialist for your professional purchases.

SICK is one of the leading suppliers of sensors and sensor systems and offers you a broad product portfolio for safe and efficient process control. This is complemented by comprehensive industry ...

In addition to providing a variety of fiber amplifiers, we also provide dozens of high-quality optical fibers. Akusense is a global manufacturer and brand of industrial sensors, offering laser displacement, ...

With more than 35 years of expertise, CeramOptec specializes in developing and producing fiber optic systems, making us a trusted partner for leading OEMs worldwide.

This is a series of fiber optic sensor heads designed to be connected to a fiber optic sensor amplifier. The FU Series offers a wide variety of options including thru-beam, reflective, retro-reflective and ...

Manufacturer and distributor of fiberoptic sensors including fiberoptic photoelectric sensors and universal heavy-duty fiberoptic photoelectric sensors. Fiberoptic photoelectric sensors are available in different ...

We design and manufacture a broad range of high-performance fiber optic components and integrated modules for original equipment manufacturers (OEMs) within the optical network equipment market.

This section provides an overview for fiber optic sensors as well as their applications and principles. Also, please take a look at the list of 18 fiber optic sensor manufacturers and their company rankings.

Micro photoelectric sensor type fiber head capable of withstanding high-temperature environments! Heat-resistant U-shaped Fiber FT-PK40H1 has been released. "Ease of use" evolves to the next ...
