

German Network Engineering Cabinet Installation

Overview

In addition to our expertise in electrical engineering, we specialize in the production of complex control and switch cabinets. This is what the typical solution from erler looks like. The dimensioning, procurement and configuration of the hardware are precisely customized for the project and the respective requirements.

German Network Engineering Cabinet Installation

We also offer electrical assembly and installation as a service after the switch cabinet production and wiring. This can be carried out by F.EE employees or by partner companies.
