

Home Gigabit Optical Module

Overview

The transceiver is available as a mini-GBIC form factor, making it ideal for environments that require many fiber connections by taking up less space in your cabinet and/or computer room.

Home Gigabit Optical Module

Complete your fiber installation with fast and reliable connections with the 1 Gb/s LC Multi-Mode SFP Optical Module 2-pack from Ubiquiti. This SFP module features full-duplex LC connectors that ...

The Intellinet 10 Gigabit Fiber SFP Optical Transceiver Module (model 507479) is fully hot-pluggable, and that allows you to install the module without rebooting your network switch for ...

The Intellinet Network Solutions Gigabit Fiber SFP Optical Transceiver Module (model 545013) is fully hot-pluggable, and that allows you to install the module without rebooting your network switch for ...

FS provides 1/2/4G transceivers modules in SFP form factor, supporting transmission distances from 100m to 120km over SMF/MMF fiber and enabling low power and ...

As an essential component of network communication, optical modules have been widely used in various scenarios such as data centers, enterprise LANs, and WANs. An optical module is ...

The Gigamon QSB-521 is a QSFP28 transceiver module designed for high-speed data transfer in networking applications. Equipped with a full duplex capability, this plug-in module allows for ...

This breakdown of the five most commonly used modules in high-speed optical transmission details the characteristics that will help designers choose one over the others.

By eliminating the need to maintain surplus units/ devices of various fiber types for network repairs or upgrades Small Form Pluggable Optical Transceivers reduce network equipment inventories. SFPs ...

The new Intellinet Network Solutions Small Form Factor Pluggable (SFP) Transceiver provides the best combination of performance and affordability. This mini-GBIC (Gigabit Interface Converter) module ...

The Intellinet 10 Gigabit Fiber SFP Optical Transceiver Module ...

From compact SFP transceiver modules to high-density QSFP module options, plus versatile media converter solutions, you can build 10G/25G/40G/100G backbones that fit today's needs and ...
