

How to view zones on a Huawei optical switch

Overview

Run the display transceiver [interface interface-type interface-number | slot slot-id] [verbose] command to view information about the optical module on a specified interface. Figure 1 Schematic Diagram of Optical Module Connected to Switch 1. Optical Module Status Check Run the. Taking the Huawei 5700 series switches as an example, the commands to view optical module information are as follows: Transceiver Type :1000_BASE_SX_SFP Connector Type :LC Wavelength(nm) :850 Transfer Distance(m) :300(50um),150(62). For ONTs that support Wi-Fi and the USB storage function, the common user account can be used to configure services such as Wi-Fi and home sharing. This document is for switches running V200R003C00 and later. Execute the command, display.

How to view zones on a Huawei optical switch

Today, ETU-LINK will introduce how to query the information of optical module on Huawei switch. Next, we will introduce the query instructions of relevant parameters of optical ...

View the optical module information on Huawei switches and H3C switches through the command

View the optical module information on Huawei switches and H3C switches through the command

Run the display transceiver diagnosis interface [interface-type interface-number] command to view diagnostic information about a specified optical module. This command displays the digital diagnostic ...

This topic describes how to query the information about the ONT, including ETH port information, optical information, and user device information through the Web page.

If an optical module is installed in a running switch, you can run the display transceiver command to view parameters of the optical module, including the center wavelength, transmission ...

The following uses the Moduletek SFP-10G-LR module connected to a Huawei S6700 switch as an example to introduce how to read information of the connected optical module on a Huawei switch.

Today, ETU-LINK will introduce how to query the information of optical module on Huawei switch. Next, we will introduce the query instructions of ...

If an optical module is installed in a running switch, you can run the display transceiver command to view parameters of the optical module, including the center wavelength, transmission distance, fiber types ...

View and Download Huawei S Series quick configuration online. Campus Switches. S Series switch pdf manual download. Also for: S2750, S5700.

Taking the Huawei 5700 series switches as an example, the commands to view optical module information are as follows:

If an optical module is installed in a running device, you can run the display transceiver command to view parameters of the optical module, including the center wavelength, transmission distance, fiber ...
