

Huawei Core Switch Layer 3 6700

Huawei Core Switch Layer 3 6700

Huawei's S6700 Series supports comprehensive Layer 3 routing protocols, including OSPF, BGP, and IS-IS. This enables efficient inter-VLAN routing and network segmentation, enhancing overall ...

The S6700 can function as a core switch on a campus network and provide high-density line-speed 10GE ports, rich service features, and comprehensive security mechanisms.

The S6700 has industry-leading performance and provides up to 24 or 48 line-speed 10GE ports. It can be used in a data center to provide 10 Gbit/s access to servers or function as a core switch on a ...

The S6700 can function as a core switch on a campus network and provide high-density line-speed 10GE ports, rich service features, and comprehensive security mechanisms.

Page 373 Enable the capability of IPv6 forwarding on each switch. Configure an IPv6 address for each interface. Enable IS-IS on each switch. Configure the level. Specify the network entity. Issue 01 (2012 ...

The S6700 series Ethernet switches are next-generation 10G fixed switches. The S6700 can function as a core switch on a campus network. The S6700 has industry-leading performance and provides line ...

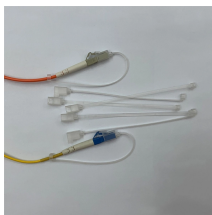

The S6700 can function as an access switch in an Internet data center (IDC) or a core switch on a campus network. The S6700 has industry-leading performance and provides up to 24 or 48 line ...

View online or download Huawei S6700 Series Configuration Manual, Hardware Installation And Maintenance Manual, Hardware Description, Quick Start Manual.

The S6700 can function as a core switch on a campus network. The S6700 has industry-leading performance and provides line-speed 10GE access ports and line-speed 40GE even 100GE uplink ...

The S6700 has industry-leading performance and provides up to 24 or 48 line-speed 10GE ports. It can be used in a data center to provide 10 Gbit/s access to servers or function as a core switch on a ...
