

Huijue 166 Headlight High Beam Module

Huijue 166 Headlight High Beam Module

This DRL module is suitable for many models, please contact us if you are not sure. Benz daytime running lights use Osram light source, aluminum alloy heat dissipation.

Normally speaking, when your headlight have problem, check out the fuse first, if it's ok, then replace the factory fit led control unit box ballast is ok, because from our many years experience, when the ...

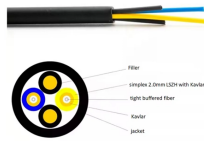

I almost never use high beams, so I've been looking at upgrading my low beams. They are the standard lens projectors (or whatever you call them) that the W166 comes with.

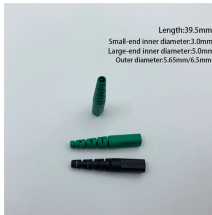

Price and other details may vary based on product size and color. Need help?
