

Inquiry about 100G high-speed DAC cable

Overview

100G QSFP28 to QSFP28 direct attach copper (DAC) cable. Passive and active options for flexible deployment. Ultra-low latency and power-free operation (passive DAC). Cost-effective alternative to optical transceivers for FS 100G DAC/AOC cable, passive/active DAC from 0. Trusted by 260K+ Enterprise. The 100G QSFP28 Direct Attach Copper (DAC) cable family delivers a fast, affordable, and efficient solution for short-distance interconnects in today's data centers and enterprise networks. Designed to deliver exceptional speed and reliability, these cables support 100 Gigabit. End-to-end design, manufacturing, and supply-chain orchestration for assemblies—from simple box builds to complex, fully wired electrical cabinets—delivered to spec and certified for any environment. Cost of local NOC connectivity is significantly reduced by avoiding the more costly.

Inquiry about 100G high-speed DAC cable

We do provide a good selection of 100G QSFP28 passive copper cables and option for active optical cables custom made on request. For longer distances only active optical cables can be used. For ...

Designed for direct connections between switches, servers, and ...

Unlock 100G performance with BizLink's DAC cables. Our direct attach cable solutions, including QSFP28, ensure low loss & high-speed data for demanding data centers.

QSFP28 direct attach cable with a 100 Gbps max data rate.

Designed for direct connections between switches, servers, and storage devices, this plug-and-play copper cable eliminates the need for optical transceivers, making it a power-efficient ...

Collection of High Speed 100G data rate DAC and AOC connectivity cables with QSFP28 format

Designed to deliver exceptional speed and reliability, these cables support 100 Gigabit Ethernet (100GbE) and 100G InfiniBand protocols, ensuring optimal data transfer in demanding environments. ...

The 100G QSFP28 Direct Attach Copper (DAC) cable family delivers a fast, affordable, and efficient solution for short-distance interconnects in today's data centers and enterprise networks.

Get your 100G direct attach cables from nearby warehouses. 30-Day Free Return. Trusted by 260K+ Enterprise Users.

Four-channel DAC assemblies support bandwidths up to 100 Gbps. Excellent for server connections where space is limited. Foldable cable helps maximize airflow for effective thermal management.

Four-channel DAC assemblies support bandwidths up to 100 Gbps. Excellent for server connections where space is limited. Foldable cable helps maximize airflow ...

About this item 100G High Speed: DAC high speed cable is fully compatible, plug and play, 100G high speed optical cable, dedicated to stacking and cascading between big data devices. 1 Meter ...
