

Introduction to Branded Distribution Boxes

Overview

With endless options for printed packaging, branded postal boxes give businesses the opportunity to portray and spread their brand's unique image, messaging and ethos. Packaging is any physical container protecting a product in transit from company to consumer. Adding thoughtful visual and interactive elements can make a world of difference for your customers and your business. According to the research, 72% of American consumers influence their buying decisions based on the design and the first. This article will explore the most ubiquitous types of packaging boxes utilized across industries and product categories. Product packaging containers provide safe passage for items traversing distribution networks, warehouse shelves, retail displays, and final delivery to eagerly waiting. Katherine Wroth is Marketing Manager @ Barrett Distribution, where she is focused on amplifying the Barrett brand: our cutting-edge supply chain solutions, discussing the latest in tech logistics, and of course our most important asset, our people. Branded shipping boxes create memorable first impressions. Unboxing counts—more than you think.
