

Lc adapter four-way symmetrical

Lc adapter four-way symmetrical

Designed for high-density applications, the quad LC adapter from Molex provides a 4-position LC adapter solution. Four LC ports are provided in 1 adapter, allowing for multiple LC connectors to be ...

Fiber optic adapters are typically connecting cables with similar connectors (SC to SC, LC to LC, etc.). Some adapters, called "hybrid", accept different types of connectors (ST to SC, LC to SC, etc.).

Fiber Optic Adapter LC 4Way Blue, LC Optical Adapter, LC/PC Adapter SM / MM Features
Conforms to Telcordia GR-326-CORE standard
Conforms to YD/T-1272.3 standard Good interchangeability, low ...

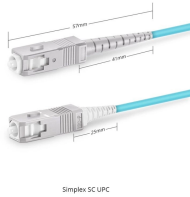

SANWA's LC Series delivers the highest optical performance with compact innovative engineering and new designs. We use the highest industry standards to meet and exceed our customers' ...

TIA-604-10, FOCIS-10, GR-326, or IEC 61300 series, IEC 61754-20. Adapters provide ≤ 0.2 dB insertion loss and support an operational temperature of -40 °C to $+85$ °C and come with protective cap

LC Adapters and Cable Assemblies meet the growing demand for small form factor, high-density fiber optic connectivity with simplex, duplex, single-mode and multimode options. These connectors ...

Fiber optic adapters (also called couplers) are designed to connect two fiber optic cables together. They come in versions to connect single fibers together (simplex), two fibers together (duplex), or ...

The Suncall America LC Adapter Series combines all the benefits of a highly compact design with the high-optical performance required by today's most demanding fiber optic and networking applications.

LC/UPC OM3 Blue Duplex Fiber Optical Flangeless Adapter adapters are used to provide a cable to cable or cable to equipment fiber optic connection.

Fibertronics offers a variety of LC fiber optic adapters. These are also known as LC fiber optic mating sleeves and are available in both single mode and multimode variants with either a zirconia sleeve or ...
