

LianDe Equipment Optical Module Manufacturing Equipment

Overview

Specializing in high-end intelligent automation equipment, Liande provides solutions for semiconductor displays (e., die bonders, film. Leading Industrial Evolution, Ascending as the Global Authority in Industrial Automation Intelligent Manufacturing Solutions., Ltd was established in 1998, which is a leading manufacturer in China with over 650 employees, specializes in designing, manufacturing and selling various high-tech automation equipments for LCD, FPD &TP industries, The equipments are widely used for FPD. Welcome to Shenzhen Liande Automation Equipment Co. was established on June 7, 2002, and was listed on the Shenzhen Stock Exchange ChiNext Board in 2016 (stock code: 300545).

LianDe Equipment Optical Module Manufacturing Equipment

Empowering the Industry Innovation and Advancing High-End Equipment Localization! Delivering complete end-to-end solutions to customers in semiconductor displays, intelligent automotive ...

The company's products portfolio includes POL lamination, bonding, lamination, testing, inspection, 3C, TV module, general, semiconductor, car display, 5G, and photovoltaic equipment. ...

Headquartered in Shenzhen, the company primarily engages in the research, development, and manufacturing of flat panel display device production equipment and semiconductor equipment. It ...

Shenzhen Liande Automation Equipment Co., Ltd was established in 1998, which is a leading manufacturer China, specializes designing, manufacturing and selling various high-tech automation ...

Shenzhen Liande Automatic Equipment Co Ltd is a company mainly engaged in research, development, production and sales of automation module assembly equipment for flat panel display.

Shenzhen Liande Automation Equipment Co.LTD (Stock code: 300545) is high tech intelligent display equipment company. We focus on the equipment of bonding and optical bonding, inspection, and ...

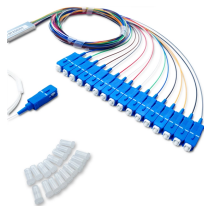

We have been successfully developed various advanced automation equipments like constant temperature bonding machine, pulse bonding machine, ACF laminator, FOG connection machine, ...

With years of experience in OEM/ODM, we become a large-size national high-tech enterprise and can provide whole sets automation equipment solutions for making FPD, TP and LCD products.

Specializing in high-end intelligent automation equipment, Liande provides solutions for semiconductor displays (e.g., LCD/OLED/CTP lamination, bonding, AOI inspection), intelligent automotive cockpits, ...

Find company research, competitor information, contact details & financial data for Shenzhen Liande Automation Equipment Co., Ltd. of Dongguan, Guangdong. Get the latest business insights from Dun ...
