

## Mexico 940nm laser diode model

## Mexico 940nm laser diode model

These 940nm 10W Laser Diodes are known for their high efficiency and robust thermal design structure. They are designed to yield lifetimes of thousands of hours at full rated power. The 11-pin fiber ...

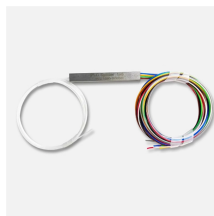

These fiber-coupled 940nm laser diodes are offered as stock items or associated with a CW or Pulsed Laser Diode Driver. They are compatible with our high speed nanosecond pulsed drivers or high ...

940nm IR laser diodes and IR laser modules are available with both single-mode and multi-mode beam profiles. They have either free space or fiber coupled outputs.

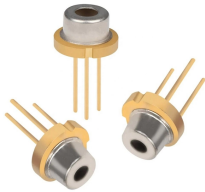

940nm Laser Features Output Power: 100mW (CW)  
Efficient Quantum Well Structure Standard TO-5 Package

940nm laser diode Model 1a: 100mW / singlemode fiber / 14 pin Butterfly package / SMF or PMF  
Reference: 940LD-1a-0-0 ( -1: SMF ; -2: PMF)

Please do not touch VD surface by naked hands or squeeze the sealant on VD surface, or it may cause wrong optical angle and distorted laser spot, even damage the VD.

At Coherent, these laser bars are available in a very wide range of wavelengths and powers, with optional beam shaping such as fast-axis collimation, both-axis collimation, or even further focused to ...

High brightness, quality, and reliability are the foundation of our single-mode laser diode product family. Our 940nm single-mode laser diodes are capable of delivering output power up to 300mW.

Laser diodes are classified based on continuous operation - Contact us for any special requests regarding classification or power limitation.

Comprar Diodos Láser 940nm. Newark Electrónica México ofrece cotizaciones rápidas, envíos en el mismo día, entrega rápida, amplio inventario, hojas de datos y soporte técnico.
