

Model of butterfly optical cable equipment

Overview

The invention relates to the field of optical cable production, in particular to a butterfly-shaped optical cable production device which comprises a pay-off mechanism, an extrusion mechanism, a cooling and drying mechanism and a traction device which are. The invention relates to the field of optical cable production, in particular to a butterfly-shaped optical cable production device which comprises a pay-off mechanism, an extrusion mechanism, a cooling and drying mechanism and a traction device which are. Legal status (The legal status is an assumption and is not a legal conclusion. Google has not performed a legal analysis and makes no representation as to the accuracy of the status listed.) Current Assignee (The listed assignees may be inaccurate. The unit comfortable soft PVC,such as poly (PVC by hot press method to be extruded insulation wire core) Power supply:three-phase 380 plus or minus 10%,50 hz with neutral wire. No impulse voltage,interference. We are a collection of scientific research and development and production of wire and. High Speed Wire& Cable Optical Fiber Cable Sheathing Production Line is suitable for medium and high voltage single core or multiple core power cable sheath of extruded and double layer extruded at a time. Suitable material for

PVC,PE,low smoke zero halogen,conductive PVC,and conductive PE and so.
Still deciding?

Get samples first! Order sample this production line is used for the
production of butterfly optical cables with single and double optical fiber
Extrusion material are suitable for PVC, LSZH,ect Title goes here. producing
PET plastic containers and bottles in all shapes.

Model of butterfly optical cable equipment

Product descriptions from the supplier this production line is used for the production of butterfly optical cables with single and double optical fiber Extrusion material are suitable for PVC, LSZH,ect

AFCM-3000B is suitable for butterfly optical cable (with steel wire and without steel wire), remote optical cable, 2-6 core optical cable, custom setting of cable cutting length, number of cutting ...

Butterfly Optical Cable Optical Splitter Optical Fiber Distribution Box Optical Cable Junction Box Optical Cable Connector Box Optical Cable Terminal Box Optical Fiber Distribution Frame Optical Fiber ...

The document outlines the specifications for FTTH Butterfly Optic Cable, detailing cable construction, performance parameters, and mechanical and environmental testing criteria. It includes various ...

Hangzhou Putianle Cable Co., Ltd. is a coaxial cable manufacturer that integrates research and development, production, and sales, including low loss RF coaxial cables, butterfly optical cables, ...

We provide solutions and equipment for optical glass making, fiber drawing, fiber coating, ribbon making, proof testing and fiber optic cable production. Our technology is used to produce telecom preforms, ...

Our products include Optical fiber coloring and rewinding machine series, Optical fiber secondary coating line series, Optical cable stranding line, Optical fiber cable sheathing line series and other ...

They are called butterfly-shaped due to their unique design, which features a flat shape with two parallel fiber ribbons running down the center of the cable. There are several ways to ...

Our products include Optical fiber coloring and rewinding machine series, Optical fiber secondary coating line series, Optical cable stranding line, Optical fiber ...

Our products include Optical fiber coloring and rewinding machine series, Optical fiber secondary coating line series, Optical cable stranding line, Optical fiber cable sheathing line series and other ...

AFCM-3000B is suitable for butterfly optical cable (with steel wire and without steel wire), remote optical cable, 2-6 core optical cable, custom setting of ...

The invention relates to the field of optical cable production, in particular to a butterfly-shaped optical cable production device which comprises a pay-off mechanism, an extrusion...
