

Modular Optical Port Switch

Modular Optical Port Switch

Manufactured by DiCon Fiberoptics exclusively for EXFO, the MXS-9200, this laboratory-grade, high-performance MEMS optical switch is the industry standard for sharing centralized instruments or ...

Optical switch solutions, built on industry-leading fourth-generation VIAVI technology, come in multiple formats, including matrix switches, 1XN and 2XN for up to 176 ports. VIAVI also offers a range of ...

Lfiber's optical switches (singlemode/multimode fiber switches) are micro-optic-based, opto-mechanical switches. These fiber switches offer a cost-effective way to provide flexibility in optical network ...

Optosun's opto-mechanical switches offer industry-leading performance with Telcordia compliant reliability. The Optical switch variants include, Mems and Mechanical technologies, various fiber, ...

Shop DigiKey's large in-stock selection of Fiber Optic Switches, Multiplexers, Demultiplexers. View inventory, pricing and order now for same day shipping!

POLATIS® Series 6000 Optical Switch Modules (OSM) are high-performance, fully non-blocking all-optical matrix switch modules with port counts from 16xCC up to 48xCC, offering "any-to-any" port ...

Thorlabs" offers a selection of optical switches. We offer optical switches with integrated MEMS technology, optical switch kits, and PRO8 modules for fiber-optic circuit integration or construction.

POLATIS optical switch modules by HUBER+SUHNER, feature a non-blocking all-optical matrix, port counts from 16-48xCC, and "any-to-any" port connectivity.

Dimension offers a series of high-performance OSW optical switch modules for automation testing systems.

Sercalo Microtechnology"s SC type co-axial 1xN and 2xN fiber optic switches are based on a design where a single MEMS mirror redirects light from a common fiber to one of N ports. The miniature ...
