

Nepal OPsens fiber optic sensor

Overview

Opsens Solutions' OTP-M is designed to perform in stringent industrial environments by offering the highest temperature accuracy and resolution in the industry. Opsens fiber optic sensor company for FFR and Oil & Gas. Shaping a new standard – An advanced FFR pressure guidewire with fiber optic sensing technology. Innovative fiber optic sensing solutions for. Opsens Solutions, fiber optic temperature sensor, pressure transducer, displacement probe, strain gauge High accuracy and repeatable optical temperature sensors for your needs. Its small size and EMI/RFI/MRI immunity makes it the ideal sensor for harsh environments or sensitive. The fiber optic transducer is made of a proof body which contains an optical device that is sensitive. Fiber optic sensors manufacturer offering solutions for interventional cardiology Fractional Flow Reserve FFR, Oil and Gas and industrial applications.

Nepal OPsens fiber optic sensor

OpSens OPP series fiber optic pressure transducers are designed to provide accurate measurement in the most adverse conditions. Its small size and EMI/RFI/MRI immunity makes it the ideal sensor for ...

Fiber optic solutions for industrial applications: temperature, pressure, displacement, strain by Opsens Solutions. Contact us.

Fiber optic sensors manufacturer offering solutions for interventional cardiology Fractional Flow Reserve FFR, Oil and Gas and industrial applications.

Fiber Optic Temperature Sensors High accuracy and repeatable optical temperature sensors for your needs. More details

OpSens Solutions delivers a high-end fiber optic sensing solution to Oil & Gas producers, providing them with reliable real-time downhole pressure and temperature information about their oil wells ...

Fiber optic sensors manufacturer offering solutions for Life Sciences, Medical, Oil and Gas, Power Transformer, Aerospace, Defense & OEM. Get our latest news about our products/company. Opsens ...

Opsens'' founders are known to have pioneered the use of white-light interferometry for fiber optic sensing and to have brought this type of sensing technology to the industrial sensors marketplace.

Opsens Solutions'' OPP-C, MEMS-bases fiber-optic pressure sensor, is perfectly tailored to meet the challenges of pressure monitoring applications in submerged and/or harsh environments.
