

New Cold Aisle Power Supply Manufacturer for AC DC Transmission

Overview

In 2024, Worthington Armstrong Venture (WAVE), a joint venture between Armstrong World Industries, Inc., acquired all of the assets of Data Center Resources, LLC (DCR) related to the design and manufacture of customizable, modular aisle. Our aisle containment systems are designed to optimize energy use and enhance airflow management in data centers, both new and existing. Our broad range of cost-effective AC-DC power solutions includes flexible, configurable and custom products ranging from 3W to 3kW. Do you need help making a decision?

. Find your ac/dc power supply easily amongst the 1,941 products from the leading brands (FINDER, Brüel & The PDU Series, Rack Mount Power Distribution Units provide a “Plug and Play” alternative to costly custom rack-mount power designs. AC/AC and AC/DC Power Distribution, 3U-7U, up to 24 independent breakers.

New Cold Aisle Power Supply Manufacturer for AC DC Transmission

Our broad range of cost-effective AC-DC power solutions includes flexible, configurable and custom products ranging from 3W to 3kW. When reliable performance is critical, you need a power supply ...

Get best-in-class and scalable power conversion solutions with our highly reliable AC-DC front-end power supplies. Our market-leading PSUs in power and density include bulk front-end and high rack ...

Our aisle containment solutions are designed with durable materials and components to support long-term performance. We prioritize sourcing premium-grade materials to deliver containment systems ...

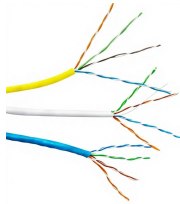

When it came time to outsource the production of the custom power supplies that would power the system, Acopian was their first choice. The customer required ...

Upsite AisleLok containment solutions and portfolio of aisle airflow management products are designed to improve cooling effectiveness and efficiency by enhancing airflow management. Separates supply ...

The leading provider of custom AC to DC Power Supplies since 1956. Proudly serving the Military, Nuclear, and High-Reliability Power Conversion market.

Effective aisle containment is critical to maintaining peak data center cooling efficiency. By creating a physical barrier between cold supply air and hot exhaust air, containment solutions prevent airflow ...

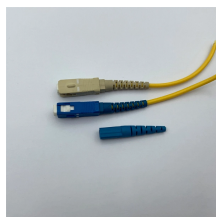

When it came time to outsource the production of the custom power supplies that would power the system, Acopian was their first choice. The customer required four separate rack mounting power ...

Whether implementing hot-aisle or cold-aisle containment, we are dedicated to delivering reliable, precisely fitted products. WindChill Engineering launched in 2012, building on more than four ...

TDK-Lambda is a global supplier of AC-DC power supplies with a broad range of power levels. Looking for programmable AC-DC? We also offer a wide range of Programmable (Laboratory) power ...

LAC series is a linear AC - DC power supply available in single, dual and triple outputs. They offer excellent line and load regulation and very low output ripple - 1mVRMS.
