

North Macedonia Active Optical Cable 400G

North Macedonia Active Optical Cable 400G

The 400G QSFP-DD active optical cables are designed for use in 400 Gigabit Ethernet links over OM4 multimode fibers, and contain eight multimode fibers (MMF) optic transceivers per end, each ...

Explore NS Active Optical Cables from 10G to 400G, compatible with Cisco, Huawei, Arista, NVIDIA, Intel, Dell, and more. Shop reliable high-speed AOCs today!

NADDOD offers Active Optical Cable (AOC) with data rates up to 400Gps and link distances ranging from 0.5m to 100m, all at a low cost and power consumption.

NADDOD offers a comprehensive range of best-in-class 400G Ethernet breakout AOC (Active Optical Cable) solutions.

The 400G QSFP DD to 8x50G SFP56 dual-channel copper DAC cable provides a reliable connection between 400G Ethernet and 50G Ethernet systems. Each cable consists of eight channels, each with ...

Discover NADDOD 400G Ethernet AOC cable solutions, including OSFP to QSFP-DD and breakout options, designed for high-density data centers, HPC and AI clusters.

The 400G QSFP-DD active optical cables are designed for use in 400 Gigabit ...

NADDOD 200G/400G Ethernet AOC cables provide a cost-effective, high-quality solution for RoCE networking in data center transmission and HPC.

The 400G AOC cable is suitable for high-speed network transmission, data centers, cloud computing, and large-scale network device connections. It provides a high-speed, low-latency, reliable, and ...

In modern data center networks, as port speeds continue to evolve toward 400G, 400G Ethernet AOC (Active Optical Cable) has gradually become an important solution for short- to mid ...

Active optical cables are much thinner and lighter than copper cables, which makes cable management easier. AOCs enable efficient system airflow, which is critical in high-density racks.

Explore NS Active Optical Cables from 10G to 400G, compatible with Cisco, Huawei, Arista, NVIDIA, Intel, Dell, and more. Shop reliable high-speed AOCs today!
