

## OEM laser diodes

## OEM laser diodes

Whether it is diodes for extremely high reliability applications such as LiDAR pumping or high-power pump modules for industrial and security applications, or customized laser diodes for scientific ...

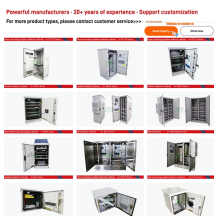

Cutting Edge Optronics is a vertically integrated manufacturer of laser diode bars, laser diode arrays, diode pumped laser modules, laser diode drivers, and complete diode pumped solid state laser ...

OEM modules can contain various laser types, such as laser diodes, diode-pumped solid-state lasers, and gas lasers. They can also include integrated optics for beam shaping or nonlinear frequency ...

We design and manufacture OEM laser diode modules tailored to your application requirements. Custom laser modules for every requirement.

Each product in our wide range of detectors, laser diodes, laser modules, optics, and more is worth every Dollar (\$/USD). Our customized solutions cover all conceivable areas of application: from ...

These lasers combine highly reliable IPG single emitter diodes with delivery fibers for OEMs and end users in need of a simplified diode laser solution. These units include a range of output options ...

Renowned for their vertically integrated approach, Jenoptik delivers comprehensive OEM laser solutions —from custom wafer design and epitaxy to fully integrated diode-pumped disk lasers and subsystems.

Customized diode laser and disk laser OEM solutions for a wide area of applications. Learn more about our competencies in diode laser and disk lasers.

Covering the entire value chain- from epitaxial wafer growth to laser system assembly - we have full flexibility in designing, assembling and packaging our high-power diode lasers in order to provide ...

Each product in our wide range of detectors, laser diodes, laser modules, optics, ...

## Contact Us

For more information, pricing, or custom network solutions, please contact us:
