

Outdoor Installation Solution for Corrugated Conduit Optical Cable in Belarus

Overview

Specially designed for fiber optic cables, this corrugated innerduct has no reel memory which eliminates spiraling of the innerduct in the conduit and includes a pre-installed polyester pull tape. Color Orange, other colors available upon request. At the FOA, we're mainly concerned with communications fiber optics - telco, CATV, LAN, industrial, etc., but fiber optics are also used in medical or nondestructive testing inspection and lighting.
