

Price of upgraded CWDM modules for mining in Latvia

Overview

Get 6 channels passive CWDM Mux Demux 1470-1610nm fiber optic multiplexer and demultiplexer price and datasheet at QSPTEK, providing you low loss and cost-effective CWDM solution for your point-to-point data center interconnections. This module is a high performance DWDM mux/demux product based on silica-on-silicon planar technolog. Coarse Wave Division Multiplexing (CWDM) modules combine or split up to 18 wavelengths into a single. This solution is available in the FTB-1V2, FTB-2 and FTB-4 platforms. The 740C xWDM OTDR series has been designed with EXFO's renowned. 8-channels CWDM MUX/DEMUX Module. Based on free-space technology, it combines 8-channels of CWDM wavelengths into a composite signal and separates the combined CWDM signal into 8-channels individual wavelengths over a pair. Upgraded version - featuring a handy EXP/1310 expansion port! The CWDM is a passive MUX/DEMUX unit, which allows to a combination of up to eight fiber links into one, to simplify and reduce the cost of long-distance fiber installations.

Price of upgraded CWDM modules for mining in Latvia

Would you like to tell us about a lower price? A passive MUX/DEMUX unit that allows the combining of up to eight fiber links into one. And you can split it up again later! Upgraded version - featuring a ...

These CWDM products cover 4-channel, 8-channel, and 16-channel mux and demux applications, with upgradeability for both four and eight channel types. We also offer optical add-drop modules, or ...

Shop our CWDM products for reliable fiber optic networking. Find durable, high-performance mux/demux solutions for various applications. Bulk orders welcome.

This series includes one CWDM tunable OTDR module to cover all 18 CWDM channels from a single port and one DWDM tunable OTDR module to cover DWDM C-Band channels.

Passive CWDM dual-fiber multiplexer/demultiplexer with 4 channels (1471, 1491, 1591, 1611), low insertion loss, monitor connection and LC/PC connections.

4-channels CWDM OADM Module (1470, 1490, 1510, 1530). 4-channels CWDM OADM Module (1550, 1570, 1590, 16100). 2 Slot Chassis for CWDM Mux Plug in Modules. Edge 8-Ch CWDM Mux/Dmx ...

Get 6 channels passive CWDM Mux Demux 1470-1610nm fiber ...

FS passive CWDM mux demux (4-18 channels) greatly saves optical fiber resources for scalable OTN systems with full use of coarse wavelength division multiplexing (CWDM) tech.

Would you like to tell us about a lower price? A passive MUX/DEMUX unit that allows the combining of up to eight fiber links into one. And you can split it up again ...

Get 6 channels passive CWDM Mux Demux 1470-1610nm fiber optic multiplexer and demultiplexer price and datasheet at QSFPTEK, providing you low loss and cost-effective CWDM ...

This is an upgraded revision of CWDM. Based on your feedback, we have decided to replace the rarely used MON port with the practical EXP/1310 expansion port. With this addition, you can now use ...

Fiber Optic 3-Port Add/Drop Device - Full CWDM Wavelength This three-port CWDM add/drop device is a WDM-coupler-type passive component. It splits (combines) a...

This series includes one CWDM tunable OTDR module to cover all 18 CWDM ...
