

Project Quotation Optical Receiver 25G

Project Quotation Optical Receiver 25G

Power your short-range connections with Innoptical's 25G SFP28 SR transceivers. Experience reliable 300m transmission with low power consumption and seamless compatibility.

Westbury Photonics offers a range of 25G optical transceiver modules based on the SFP28 form factor pluggable. Order online today.

Estimated delivery time : 3-5 working days. See details. Excellent quality is the ...

Our 25G SFP28 20km transceiver delivers extended-reach ...

When it comes to lowering network TCO, data centers and enterprises can benefit from Precision OT's cost-effective 25G transceivers that deliver data at high speeds without high energy consumption.

Learn how to choose the right 25G optical transceivers for your network based on key factors such as performance, compatibility, and cost-effectiveness.

DSC-R418 - Linear InGaAs Optical Receiver with Adjustable Gain up to 28 Gbaud
 DSC-R421 - Linear InGaAs Optical Receiver Lab Buddy with Automatic Gain Control up to 56 Gbaud

This receiver consists of two 90° optical hybrids and optical detection circuit consisting of PIN photodiodes and TIA amplifiers. The signal input port is SMF pigtail and the LO input ports is PMF ...

Estimated delivery time : 3-5 working days. See details. Excellent quality is the foundation of FiberMall's survival and development. Our operation team are experts with many years' experience in the optical ...

25G SFP28 ZR transceiver is suitable for 25G Ethernet and supports up to 80km link lengths over single-mode fiber via a Duplex LC connector - AscentOptics.

Our 25G SFP28 20km transceiver delivers extended-reach connectivity for metropolitan area networks. Supporting up to 20km transmission over single-mode fiber at 1310nm wavelength, this module ...

T1-SFP-25G-SR is an SFP28 module for duplex optical data, and communications up to 25.78Gbps, with an SFP+ 20-pin connector to allow hot plug capability. Digital diagnostic functions are available ...
