

Saudi Arabia DAC High-Speed Cable 1 6T

Saudi Arabia DAC High-Speed Cable 1 6T

With the features of the low cost, low power consumption and low latency, it is an alternative to optical transceivers for short reach links in high-speed interconnect applications such as Data Center, HPC ...

NADDOD Ethernet DAC cable solutions provide various of data rates (up to 1.6T) and length choices (up to 7m) for short distance connection applications for RoCE networking.

Domestic assembly in Saudi Arabia may grow modestly, particularly for standard fiber optic and Cat 8 Ethernet cables, but high-speed DAC and AOC production will remain concentrated ...

1.6T direct-attached copper cables provide up to 1600Gbps aggregate throughput and can be applied in liquid cooling environments. Integrated with a heat sink and airflow channels, enhancing the cooling ...

The Ubiquiti UACC-DAC-SFP10-1M works flawlessly for 10Gbps connections with zero hassle. Plug-and-play, solid build, and perfect for short-distance links between UniFi devices.

Offers 1.6Tbps aggregate data rates at 224Gbps lane speeds to support high-density data center applications. Meets IEEE standard signal performance requirements.

HPE Direct Attach Copper (DAC) Cables deliver high-speed, cost-effective server and switch connectivity. Upgrade with HPE Direct Attach Copper (DAC) Cables today.

Shop reliable Active Optical Cables (AOC) and Direct Attach Cables (DAC) for 10G-400G networks. Perfect for switches, servers, and storage systems. Fast delivery across UAE & Saudi Arabia.

Volet offers a comprehensive range of active and passive DAC cables, supporting data rates of 10Gbps, 25Gbps, 40Gbps, 50Gbps, 100Gbps, 200Gbps, 400Gbps, 800Gbps and 1.6Tbps.

Need a high-speed, dependable, and affordable network cabling system? ServerBasket also provides fast Direct Attach Copper (DAC) Cables, which are utilized in low-latency and high-speed data ...
