

Selection Guide for Low-Noise Fiber Ethernet Switches for Broadcast-Grade Transmission

Overview

Quickly identify the right Cisco switch for your needs, whether you're looking for a new switch or upgrading an old one for an enterprise LAN, a data center, outdoors, or industrial operations. Just answer a few simple questions, and our Cisco Switch Selector will recommend a product. NETGEAR and Lightware have teamed up to ensure you have the right network switch for their VINX and UBEX product lines. Lightware's unique products enable high-quality AV over IP transmission and signal extension over a standard Ethernet network. Unlike traditional network switches, this product is meticulously engineered to meet the requirements of Hi-Fi audio systems. It includes comprehensive enhancements in its power. After evaluating the Ediscreation Firebird LPS and Silent Switch OCXO Extreme about a year ago, this review focuses on the Ediscreation Fiberbox III Extreme version and the Silent Switch OCXO II Extreme version.

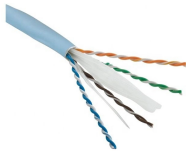

Selection Guide for Low-Noise Fiber Ethernet Switches for Broadcast

Quickly identify the right Cisco switch for your needs, whether you're looking for a new switch or upgrading an old one for an enterprise LAN, a data center, outdoors, or industrial operations.
