

Three-layer protective coating for industrial switches

Three-layer protective coating for industrial switches

Conformally coated switches deliver dependable defense against moisture, dust, and corrosion in harsh industrial environments. At Westward Sales, our engineering team will guide you in selecting the ...

Bredero Shaw's 3LPP System is a multilayer coating composed of three functional components.

Highly corrosive gases, moisture, and debris pose significant threats to electronic components, but our advanced conformal coating process acts as a robust shield.

Learn how sealed enclosures and conformal coatings work together to protect industrial network hardware from humidity, condensation and corrosive pollutants.

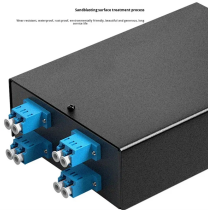

Conformal coatings are polymeric materials applied to PCBs and sensitive components in a thin layer and cured to form a protective film. The coatings are ...

Our Triplex system layers these two technologies, providing extremely strong corrosion protection for environments up to C5 level.

Heat-resistant 3-layer plating possesses the same level of good reliability for electrical connections as Conventional plating and also enables use in higher temperature environments.

Cisco industrial embedded switches are designed for custom networking for mission-critical applications in extreme environments. Their advanced features, optimized size, weight, and power, and robust ...

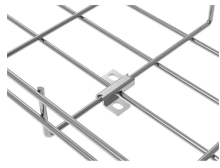

IES5220-6S-3ES features an IP40 metal enclosure, conformal-coated board, and lightning/surge protection for durability in diverse outdoor conditions. 1+1 Redundant AC PSUs ensure the ...

Assured Systems offers conformally coated devices. Provides superior protection and complies with strict certifications for use in toxic environments.

The SIMATIC NET Selection Tool is your reliable wizard for selecting Industrial Ethernet switches. The selection can either take place directly from the product portfolio or by specifying the technical ...

Tri-resistant coatings protect circuits/components from environmental factors such as moisture, contaminants, corrosion, stress, shock, mechanical vibration and thermal cycling, while also ...

AOA Tech Industrial Ethernet Switches range from industrial PoE switches, industrial managed switches, industrial unmanaged switches, and so on. We can help to design the solution and offer ...
